Message From Our Founder Chancellor

Shri Jaiprakash Gaur

“We are determined to provide quality education to our students through the most modern educational institutions to make them financially empowered while shaping them into self-reliant and confident citizens of a modern India.

These institutions would strive to inculcate discipline and character building along with serious pursuit of knowledge, utilizing the most advanced teaching practices and high moral standards, so that our teachers and students can stride forward and see the transformation of their country into an advanced nation within their lifetime.”

Message From Our Chancellor

Let's Navigate Success - Digitally!

The digital landscape is our new reality, and success demands agility. JIIT Noida's online BCA & MCA programs, launched under our esteemed aegis, equips you with the skills to thrive in this dynamic environment. Let's navigate the digital future and achieve success, together.

Online Education

I'm incredibly excited to welcome you to our online BCA and MCA programs which prepares you to thrive in today's digital business world with critical thinking, digital fluency, and core management skills.

It fosters flexibility, independent learning, and collaboration while offering access to renowned faculty and a diverse peer network, all from the convenience of your own space.

Shri Manoj Gaur, Chancellor
- Jaypee Institute of Information Technology

About

Jaypee Institute of Information Technology

Jaypee Institute of Information Technology (JIIT), a top-ranked Deemed-to-be-University with over 25 years of legacy has been delivering excellence in education, innovation, and research in both Technology and Management through Jaypee Business School. JIIT has consistently nurtured a Dynamic, Future Ready Learning Ecosystem built on strong academic foundations and real-world relevance.

Significant Developments

Innovation Decade (2021-2030): JIIT has declared this decade as the Innovation Decade to drive research, innovation, and entrepreneurship.

RIDE Innovation Hub: A dedicated platform for research, incubation, and startup support.

Digital Learning Centre: Cutting edge studios and resources for online and blended education.

Directorate of Research, Innovation & Development (DRID): Fostering student and faculty-led innovation and startups.

Recognized Excellence: Consistently ranked among top institutions for management and technology education.

An Institution Built for Excellence

Established in 2001, JIIT Noida (Deemed-to-be University) has grown into a Centre of Excellence in:

- Science and Engineering
- Information Technology
- Electronics and Communication Engineering
- Biotechnology
- Management

And related emerging areas of education, training, and research.

Guided by its vision to produce leaders in innovation, entrepreneurship, creativity, and management, JIIT attracts top talent from diverse backgrounds.

Students benefit from world-class education, a vibrant campus culture, and a strong focus on knowledge, confidence, self-discipline, and creativity.

Our Recognitions

9th | Best Placement amongst Private Universities in India by **India Today (2024)**

5th | Non Government Technical University (**All India**) by **THE WEEK (2025)**

2nd | Non Government Technical University (**North Zone**) by **THE WEEK (2025)**

1st | Top Emerging College in **Uttar Pradesh** by **CSR (2025)**

Our Accreditations and Approvals

CDOE Leadership

Transforming Education into a Digital Revolution.

At Jaypee Institute of Information Technology, Noida with 25 years of technical and 17 years of management excellence, We believe the future of learning lies in the fusion of knowledge and technology.

Our goal is to make education accessible, inspiring, and affordable, building a world-class digital ecosystem that empowers learners and shapes global futures.

Manu Bhaskar Gaur, CEO
- Harvard, INSEAD, Berkeley

JIIT Online marks the next leap in education - where innovation meets intellect. Our Online BBA and MBA programs blend technology, interactive learning, and real-world application to ensure quality, engagement, and employability. More than an academic platform, JIIT Online is your gateway to limitless learning, leadership, and lifelong success.

Prof. Vikas Saxena
Director

Learn Anytime, Anywhere with JIIT's Centre for Distance & Online Education (CDOE)

CDOE bridges the gap between High Quality Education in Management and Physical Access to the same by Students in India and overseas, through:

- Live Lectures.
- Experienced Academicians trained at Berkeley, Harvard, INSEAD, BITS, IITs, IIMs, FMS, etc.
- CXOs from Top Corporates and MNCs interact with students Online to share Industry perspectives.
- State-of-the-art Digital Infrastructure.
- Inhouse Digital Learning Centre for Recording Lectures.
- UGC approved Learning Management System (LMS).
- Interactive Learning.
- Strong Training and Placement Assistance.
- Use of Contemporary AI Tools by Students in Self Development.
- Regional Meet - ups for Online Students to Network with Peer Group.

Our Philosophy

Transforming Aspiring Learners into **Future-Ready Technology Professionals**

The program equips learners with knowledge and skills in Software Development, Artificial Intelligence, Machine Learning, Cloud Computing, Cyber Security, Data Analytics, Database Management Systems, Web Technologies, and Full Stack Application Development, preparing them for successful careers in the digital economy.

JIIT Online BCA Program Highlights

UGC-Compliant Online Degree

Earn a recognised bachelor's degree from JIIT through a flexible and technology-enabled online learning environment.

Industry-Aligned Curriculum

AI & Machine Learning, Cyber Security, Data Analytics, Cloud Computing, Full Stack Development, and Agile Software Development through an industry-aligned curriculum.

Practical Learning Experience

Gain hands-on experience through virtual labs, programming workshops, coding exercises, industry projects, internships, and a major capstone project.

Flexible Online Learning

Learn anytime and anywhere through live classes, recorded lectures, self-learning modules, and interactive digital resources.

Industry-Relevant Skill Development

Develop technical, analytical, communication, and problem-solving skills required by modern IT organizations.

Why Choose Online BCA at JIIT?

Future-Focused Computing Education

Build expertise in programming, software development, data structures, AI & Machine Learning, cloud computing, cyber security, networking, and full stack development

Learn from Experienced Faculty

Learn from highly qualified faculty members and industry practitioners with expertise in emerging technologies.

Innovation and Research Orientation

The program encourages innovation, entrepreneurship, research aptitude, and continuous learning to prepare graduates for future technology challenges.

Career-Oriented Learning

Build job-ready skills through project-based learning, practical assignments, internships, and industry-relevant coursework commitments.

Future-Ready Skills

Artificial Intelligence

Neural networks, deep learning, and advanced algorithms

Cloud Computing

AWS, Azure, and distributed systems architecture

Cybersecurity

Ethical hacking, network security, and data protection.

Big Data Analytics

Data mining and predictive modeling for business intelligence.

Program Objectives

Strong Technical Foundation

Career-Ready Professionals

Critical Thinking & Collaboration

Ethical Computing Practices

Lifelong Learning Mindset

Our Curriculums

Semester 1

Core Courses

- Problem Solving Technique using C
- Web Technology
- Digital Logic
- Fundamentals of Mathematics
- English
- Digital Technologies
- Environmental Science

Practical Components

- Problem Solving Using C Lab
- Web Technology Practices
- English Language Workshop

Semester 2

Core Courses

- Data Structures
- Database Management Systems
- Discrete Mathematics
- Introduction to Python Programming
- Soft Skills & Personality Development
- Everyday Psychology

Practical Components

- Data Structure Lab
- Database Management System Lab
- Python Programming Practice

Semester 3

Core Courses

- Algorithm and Problem Solving
- Object-Oriented Programming (C++)
- Discipline Specific Elective – I
- Entrepreneurship and Start-up Ecosystem
- Multimedia Technology
- Critical Thinking & Writing

Practical Components

- Algorithm and Problem Solving Lab
- Object-Oriented Programming Lab
- Multimedia Technology Workshop

Semester 4

Core Courses

- Software Engineering and Quality Assurance
- Core Java
- Operating Systems
- Linear Algebra and Optimization
- Discipline Specific Elective – II
- Full Stack Application Development – I
- Personality Development & Decision-Making Skills

Practical Components

- Core Java Programming Lab
- Full Stack Application Development Workshop

Semester 5

Core Courses

- Machine Learning
- Data Communication & Networking
- Cloud Computing
- Agile Software Development
- Full Stack Application Development – II
- Discipline Specific Elective – III

Practical Components

- Machine Learning Workshop
- Agile Software Development Practices
- Summer Internship

Semester 6

Core Courses

- Discipline Specific Elective – IV
- Discipline Specific Elective – V
- Discipline Specific Elective – VI
- Discipline Specific Elective – VII
- Major Project

Career Opportunities

Software Developer

Web Developer

Full Stack Developer

Python Developer

Database Administrator

Data Scientist

Machine Learning Associate

Cloud Support Engineer

Systems Administrator

Application Developer

IT Support Specialist

The program also provides a strong foundation for higher studies such as MCA, M.Tech, MS, MBA, and professional certifications.

Learning Methodology

A blended and Interactive approach that ensures engagement, flexibility, and continuous growth.

Live Interactive Classes

Engage directly with faculty through scheduled online sessions and interactive discussions.

Recorded Lectures

Access recorded content anytime to learn flexibly at your own preferred pace.

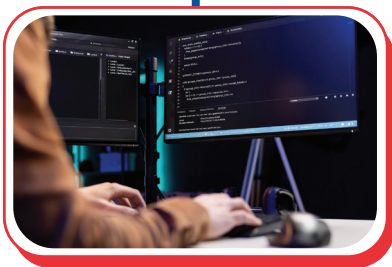

Virtual Labs

Practice technical concepts using simulation-based and cloud-enabled virtual lab environments.

Discussion Forums

Collaborate with peers and faculty through engaging digital learning discussion platforms.

Continuous Assessment

Complete regular quizzes, assignments, coding exercises, and project evaluations for continuous learning.

Admission Process

Begin Your BCA Journey with Confidence

Invest in your future with a clear and structured admission process designed for convenience and confidence.

Programme Fee Structure

Full Programme Fee
6 Semesters

₹1,19,998

Per Semester Fee
Flexible payment

₹19,999

Zero Cost EMI Available
Easy payment options with no interest

Eligibility

- ✓ Passed 10+2 examination from a recognised Board with a minimum of 40% aggregate marks and a pass in all subjects.
- ✓ Candidates awaiting their qualifying examination results may apply for provisional admission, subject to fulfilling the eligibility requirements at the time of admission confirmation.
- ✓ Admission shall be governed by the rules and regulations of the University as notified from time to time.

Simple Step to Join JIIT Online

Online Application

Register and submit your academic & professional details through our secure portal.

Fee Payment

Complete the admission fee to confirm your enrollment.

Upload Your All Documents

Upload required certificates and ID proofs. Our AI- driven system ensures fast processing.

Verification & Onboarding

Get verified and gain access to your student portal instantly.

Learn from Leaders Grow with Experts

Gain insights from distinguished academicians and industry experts who bring real-world experience into every session. Our faculty is committed to guiding you with practical knowledge, strategic thinking, and personalized mentorship.

Learn from leaders who inspire innovation, nurture talent, and prepare you to excel in a competitive business world.
