Message From Our Founder Chancellor

Shri Jaiprakash Gaur

"We are determined to provide quality education to our students through the most modern educational institutions to make them financially empowered while shaping them into self-reliant and confident citizens of a modern India.

These institutions would strive to inculcate discipline and character building along with serious pursuit of knowledge, utilizing the most advanced teaching practices and high moral standards, so that our teachers and students can stride forward and see the transformation of their country into an advanced nation within their lifetime."

Message From Our Chancellor

Let's Navigate Success – Digitally!

The digital landscape is our new reality, and success demands agility. JIIT Noida's online MCA program, launched under our esteemed aegis, equips you with the skills to thrive in this dynamic environment. Let's navigate the digital future and achieve success, together.

Online Education

I'm delighted to welcome you to our Online MCA Program, which prepares learners to thrive in today's technology-driven world through a strong foundation in computing, critical thinking, digital fluency, and industry-relevant technical skills.

As it is not relevant for MCA but BBA/MBA.

It fosters flexibility, independent learning, and collaboration while offering access to renowned faculty and a diverse peer network, all from the convenience of your own space.

JIIT Online

Shri Manoj Gaur, Chancellor

- Jaypee Institute of
Information Technology

About

Jaypee Institute of Information Technology

Jaypee Institute of Information Technology (JIIT), a top-ranked Deemed-to-be-University with over 25 years of legacy has been delivering excellence in education, innovation, and research in both Technology and Management through Jaypee Business School. JIIT has consistently nurtured a Dynamic, Future Ready Learning Ecosystem built on strong academic foundations and real-world relevance.

Significant Developments

Innovation Decade (2021-2030): JIIT has declared this decade as the Innovation Decade to drive research, innovation, and entrepreneurship.

RIDE Innovation Hub: A dedicated platform for research, incubation, and startup support.

Digital Learning Centre: Cutting edge studios and resources for online and blended education.

Directorate of Research, Innovation & Development (DRID): Fostering student and faculty-led innovation and startups.

Recognized Excellence: Consistently ranked among top institutions for management and technology education.

An Institution Built for Excellence

Established in 2001, JIIT Noida (Deemed-to-be University) has grown into a Centre of Excellence in:

- Science and Engineering
- Information Technology
- Electronics and Communication Engineering
- Biotechnology
- Management

And related emerging areas of education, training, and research.

Guided by its vision to produce leaders in innovation, entrepreneurship, creativity, and management, JIIT attracts top talent from diverse backgrounds.

Students benefit from world-class education, a vibrant campus culture, and a strong focus on knowledge, confidence, self-discipline, and creativity.

Our Accreditations and Approvals

CDOE Leadership

Transforming Education into a Digital Revolution.

At Jaypee Institute of Information Technology, Noida with 25 years of technical and excellence, We believe the future of learning lies in the fusion of knowledge and technology.

Our goal is to make education accessible, inspiring, and affordable, building a world-class digital ecosystem that empowers learners and shapes global futures.

Manu Bhaskar Gaur, CEO

- Harvard, INSEAD, Berkeley

JIIT Online marks the next leap in education - where innovation meets intellect. Our Online MCA program blend technology, interactive learning, and real-world application to ensure quality, engagement, and employability. More than an academic platform, JIIT Online is your gateway to limitless learning, leadership, and lifelong success.

Prof. Vikas Saxena
Director

Learn Anytime, Anywhere with JIIT's Centre for Distance & Online Education (CDOE)

CDOE bridges the gap between High Quality Education in Computing and Information Technology and Physical Access to the same by Students in India and overseas, through:

- Live Lectures.
- Experienced Academicians trained at Berkeley, Harvard, INSEAD, BITS, IITs, IIMs, FMS, etc.
- Industry experts, software architects, technology leaders and IT professionals interact with students through webinars and expert sessions.
- State-of-the-art Digital Infrastructure.
- Inhouse Digital Learning Centre for Recording Lectures.
- UGC approved Learning Management System (LMS).
- Interactive Learning.
- Strong Training and Placement Assistance.
- Use of Contemporary AI Tools by Students in Self Development.
- Regional Meet – ups for Online Students to Network with Peer Group.

Our Philosophy

Transforming Technology Enthusiasts into Digital Innovators

Transforming Technology Enthusiasts into Digital Innovators

At JIIT Online, we believe technology education should go beyond coding and theory. Our Online MCA combines academic rigor, practical application, and emerging technologies to prepare learners for leadership roles in the digital economy.

Through flexible online learning, learners develop strong technical foundations while gaining hands-on experience in solving real-world computing challenges.

JIIT Online MCA Program Highlights

2-Year Online Master's Degree
Designed for graduates and working professionals seeking advanced computing expertise.

Study anytime, anywhere through live online classes, recorded lectures, digital learning resources, and virtual labs.

Learn emerging technologies including AI, Machine Learning, Data Analytics, Cyber Security, Cloud Computing, and Software Engineering.

Build analytical and research capabilities for higher studies, doctoral research, and innovation-driven careers.

Develop practical skills through projects, case studies, coding exercises, and industry-relevant assignments.

Why Choose Online MCA?

JIIT Online

शिक्षा Online | सफलता Offline

Future-Ready Curriculum

AI & Machine Learning, Data Science, Cloud Computing, Cyber Security, and more, while building expertise in Advanced Programming and Distributed Computing.

Learn from Expert Faculty

Learn from experienced academicians, researchers, and industry professionals with expertise in cutting-edge technology domains.

Practical Learning Approach

Gain practical, real-world experience through virtual labs, coding assignments, live projects, and capstone projects. Learn by solving industry case studies and engaging in research-driven learning experiences.

Career Advancement

Prepare for high-demand roles across the technology sector while continuing your professional commitments..

Future-Ready Skills

Artificial Intelligence

Neural networks, deep learning, and advanced algorithms

Cloud Computing

AWS, Azure, and distributed systems architecture

Cybersecurity

Ethical hacking, network security, and data protection.

Big Data Analytics

Data mining and predictive modeling for business intelligence.

Advanced Programming Skills

Neural networks, deep learning, and advanced algorithms.

Software Architecture Expertise

Software Architecture Expertise
AWS, Azure, and distributed systems architecture.

Problem Solving Abilities

Ethical hacking, network security, and data protection.

Innovation and Entrepreneurship Mindset

Innovation and Entrepreneurship Mindset
Data mining and predictive modeling

Research Aptitude

Data mining and predictive modeling for business intelligence.

Leadership Capabilities

Data mining and predictive modeling for business intelligence.

Our Curriculums

Semester 1

Core Courses

- Data Structure Using C
- Database Management Systems
- Object-Oriented Programming using Java
- Machine Learning
- Computer System Architecture

Practical Components

- Data Structure Using C Programming
- Database Management Systems Lab
- Database Management Systems Lab
- Machine Learning Workshop

Semester 2

Core Courses

- Design and Analysis of Algorithms
- Computer Networks
- Operating Systems
- Information Security
- Professional Communication

Elective 1

- Cloud Computing & Deployment
- Artificial Intelligence

Practical Components

- Design and Analysis of Algorithms Lab
- Computer Networks Programming

Industry Exposure

- Summer Internship (Audit)

Semester 3

Core Courses

- Software Engineering
- Web Technology
- Advance Professional Communication

Practical Components

- Software Engineering Practices
- Web Technology (Full-Stack Development) Workshop

Specialization Electives

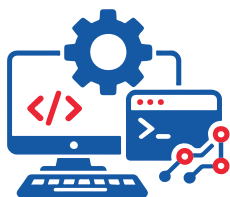

- Elective II
- Elective III
- Elective IV

Semester 4

Capstone Project

- Project Work (Major)

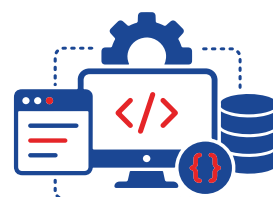

Career Opportunities

Software Developer

Web Developer

Technology Developer

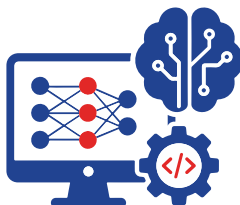

Project Manager

Database Administrator

Data Scientist

Cyber Security Analyst

Cloud Engineer

Systems Analyst

AI/ML Engineer

IT Consultant

Prepare for high-growth roles across software development, data science, AI, cybersecurity, cloud computing, and technology leadership

Learning Methodology

A blended and Interactive approach that ensures engagement, flexibility, and continuous growth.

Live Interactive Classes

Engage directly with faculty through scheduled online sessions and interactive discussions.

Recorded Lectures

Access recorded content anytime to learn flexibly at your own preferred pace.

Virtual Labs

Practice technical concepts using simulation-based and cloud-enabled virtual lab environments.

Discussion Forums

Collaborate with peers and faculty through engaging digital learning discussion platforms.

Continuous Assessment

Complete regular quizzes, assignments, coding exercises, and project evaluations for continuous learning.

Admission Process

Begin Your MCA Journey with Confidence

Invest in your future with a clear and structured admission process designed for convenience and confidence.

Programme Fee Structure

**Total Course Fee
4 Semesters**

Rs. 99,996/-

- One Time Application Fee Rs.1000/- (Included in Total Course Fee)
- The Examination Fee Rs.1500/- Per Semester (there are 4 Semester in total)

EMI Starts at:

₹3,737/- Per Month

Eligibility

- ✓ Passed BCA / Bachelor Degree in Computer Science Engineering or an equivalent degree
- ✓ Passed B.Sc. / B.Com. / B.A. with Mathematics at 10+2 level or at Graduation level
- ✓ Preference may be given to candidates qualified in common entrance examinations conducted by State or Central Government organizations for MCA through ODL/Online Learning mode.

Simple Step to Join JIIT Online

Online Application

Register and submit your academic & professional details through our secure portal.

Fee Payment

Complete the admission fee to confirm your enrollment.

Upload Your All Documents

Upload required certificates and ID proofs. Our AI- driven system ensures fast processing.

Verification & Onboarding

Get verified and gain access to your student portal instantly.

Learn from Leaders Grow with Experts

Gain insights from distinguished academicians and industry experts who bring real-world experience into every session. Our faculty is committed to guiding you with practical knowledge, strategic thinking, and personalized mentorship.

Learn from leaders who inspire innovation, nurture talent, and prepare you to excel in a competitive business world.
